

# EDUCATION

**E**ducation is the best route out of poverty, but for many, who cannot afford the basic materials required to go to school, it is just a dream.

**YOU** can make that dream come true. From as little as **£5** a child can be provided with a uniform and the basic materials they require to attend school.

In Rwanda and Uganda the school year starts in February, and once again this year many children have benefited from your donations as they have been provided with pens, pencils, exercise books and uniforms. School fees still need to be paid, but support through our school partners project enables fees for some of the poorest students to be subsidised. With God's provision we hope to extend this support as the year goes on.

**Thank  
you**
