

## NURSE BRIGITTE, GIKOMERO CLINIC, RWANDA

This report was recently received from Brigitte to:

*"update our friends in CHI so that they are informed about what God is doing through the work they support."*

She told us she has mostly been involved in the management of illness for the under 5's and Maternity care. In the three month period to Nov 15 she has treated 495 patients mainly suffering from :

- Acute Respiratory Infection
  - INTERNAL PARASITES
    - Pneumonia
    - DIARRHOEA
    - Malaria

Brigitte also tells us:

*"The biggest challenge we have met during this period is the unprecedented increase of malaria in our region. We used to have five case of malaria every day, but now it can go up to 30 cases a day."*

She goes on to say:

*"As I carry out this nursing ministry, I have an opportunity to share the word of God with my clients. It is very encouraging to see people paying attention to listen about Jesus who heals our bodies and saves our souls from sins."*

## NURSE PROSSY, KIMWANYI CLINIC, UGANDA

In her letter Nurse Prossy thanks everyone for continuing to support her salary. She also told us that the biggest challenges she currently faces are in maternity care with a shortage of delivery kits.

Controlling and treating Malaria continues to be a challenge at this Health Centre however, we are told that.....

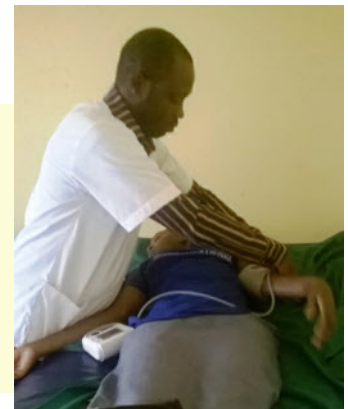

*"Due to continued support from Christian Hope International, tireless and devoted staff and positive involvement of the community, we have managed to reduce and control the prevalence"*

## NURSE VIETTY, SHYOGWE CLINIC, RWANDA

In his letter Vietty wrote;

*"These three first months of 2016, were very challenging to us due to the increase of malaria. .... Thanks to God that there was no case of death, this is due to the medical support we got from CHI in terms of anti-malaria drugs. There were given on right time and helped people to be healed.*

*I thank God so much for the opportunity he has given me to serve him through my ministry to sick people. I also thank CHI international for the spiritual and financial support to our health centre."*

**NONE OF THIS IS POSSIBLE WITHOUT YOUR SUPPORT  
THANK YOU FOR CONTINUING TO PARTNER US IN THIS WORK**
