

OCTOBER

AGRICULTURE - The successful growing of crops can make a huge improvement to a family's welfare. Seeds, tools and fertilisers are expensive but necessary to succeed; CHI hope that recipients of these 'gifts' are on a road to self sustainability.

03 October

Pray that as Harvest Festival is celebrated in our own churches we may always be mindful of those who are unable to provide food for their families.

10 October

Give thanks to God for the wonder of nature. Pray that as families plant in hope, that through His grace the seeds will flourish and families will be fed.

17 October

Lift up to God the many families who struggle to provide food. May those who have plenty provide seeds for those who have little.

24 October

Give thanks for every bag of seeds provided. As the crops grow pray that the seed of faith will also been sown and many will come to faith as a result.

31 October

Pray that the effects of climate change would be minimal and that there would be a good harvest.

*Land that drinks in the rain often falling on it
and that produces a crop useful to those for
whom it is farmed receives the blessing of God.*

10 July

Pray for all the children waiting patiently to be sponsored. That God will provide the right sponsor for each child, that they will know His love and that of their sponsor.

17 July

Give thanks and praise for every sponsor in the Ray of Hope project. As they support their child may they too be blessed.

24 July

Pray for all families who have children sponsored through the Ray of Hope project. Pray they will be blessed as their children receive a regular education.

31 July

Pray for the church leaders as they prayerfully consider which children will be put forward for sponsorship. Give them wisdom and understanding as they undertake this task.

*For by grace you have been saved through
faith. And this is not your own doing;
it is the gift of God.*

SEPTEMBER

EDUCATION - The key to success. To enable a child to read and write, whether they are academic or heading for vocational training, is surely the right of every child. CHI strive to improve schools and support children's learning in Rwanda and Uganda.

04 September

Lift up all teachers who dedicate their lives to bringing education to children of all ages. As we start our academic year here in the UK please pray for teachers throughout the world.

11 September

Give thanks for the church run schools in Rwanda & Uganda as they attempt to provide a Christian education for all.

18 September

Pray for all those children who are unable to access education due to poverty. That opportunities will become available and they will be given hope for the future.

25 September

Give thanks and pray for the teachers who continue to work tirelessly despite the lack of materials and the knowledge that their wages are not guaranteed.

I will instruct you and teach you in the way you should go; I will counsel you with my loving eye on you.
